

FreedomFart (FRRT) Whitepaper - Updated v2

Overview:

FreedomFart (FRRT) is a decentralized meme cryptocurrency designed to inject humor into finance, while promoting freedom and financial empowerment through blockchain technology.

Tokenomics:

- Total Supply: 694,200,000,000 FRRT
- Burn Rate: 2%
- Symbol: FRRT
- Decimals: 18
- Blockchain: Ethereum (ERC-20)

Contract Address:

0x795281c52fbc9326707005f0d12cec978750402c

Utility and Features:

- Instant token purchase via connected Web3 wallet (MetaMask)
- Verified and published on Etherscan
- Live Uniswap pool for FRRT/ETH trading
- Website: <https://freedomfart.org>
- Price chart and DEX trading access integrated
- Crowdfunding smart contract built-in (triggerable by owner)

Vision:

FreedomFart aims to go viral, leveraging community-driven growth, humor, and decentralized finance. We believe freedom shouldn't stink – unless it's your own.

Disclaimer:

Not financial advice. Fart responsibly. Freedom never smelled so good.
